

Time table Day 1, Wed., March 28

	9	10	11	12	13	14	15	16	17	18	19
A		Symposium S01 [E] RNA-mediated Plant Behaviors					Symposium S03 [E] Amazing Development — Unrevealing Unusual Developmental Phenomena in Plants —				
B		Symposium S02 [E] Optimum Photosynthetic Evolution: Lessons from the Evolution of C4 Photosynthesis and the Response to CO ₂ /O ₂ in Plants					Symposium S04 [E] New Trends of Plant Reproduction Emerging from Cell Biological Approaches				
C		Environmental responses/Abiotic stresses (Gravity/UV/Others)					Environmental responses/Abiotic stresses (Wounding/Redox/Drought/Osmotic pressure, etc)				
D		Organelles/Cytoskeletons					Epigenetic regulation				The 36 th Meeting of the Japanese Society for Young Plant Physiologists
E		Plant-microbe interaction (Symbiosis/Others)			Luncheon Seminar Why Choose PCP?		Plant-microbe interaction (Symbiosis/Diseases and pests)				
F		Vegetative growth					Photosynthesis				
G		Plant hormones/Signaling molecules					Plant hormones/Signaling molecules				
H		Primary metabolism					Primary metabolism				
I		Cell wall					Cell wall	Cell cycle/Cell division			
J		Flowering/Clock					Photoreceptors/Photoresponses				
P		Poster mounting			Poster viewing			Discussion: Odd numbers		Free discussion	
		Research Presentation by High School Students									Ten's digit is Even number
		Poster mounting			Poster presentation		Information exchange meeting	Award ceremony		Poster removal	
Other											

Time^{table} Day 2, Thu., March 29

	9	10	11	12	13	14	15	16	17	18	19
A	Symposium S05 [E] Maintenance of Stem-ness and Cell Fate Determination in Plants and Animals					Symposium S07 [J] Cellular Survival Strategy by Autophagy and Ubiquitin Systems			JSPP Awards: Ceremony and Lectures		
B	Symposium S06 [E] Stories of Oxygen and Active Molecular Species in Photosynthetic Organisms										
C	Environmental responses/Abiotic stresses (Drought/Water/Osmotic pressure/Ion/Salt/Mineral/Others)										
D	Organelles/Cytoskeletons					Environmental responses/Abiotic stresses (Ion/Salt/Mineral)					
E	Plant-microbe interaction (Immunity/Others)				Luncheon Seminar Leave a Nest	Plant-microbe interaction (Immunity/Others)					
F	Vegetative growth					Vegetative growth					
G	Photosynthesis					Photosynthesis	Environmental response of photosynthesis or respiration				
H	Transcriptional, post-transcriptional or translational regulations					Biomembrane/Ion and solute transport					
I	Reproductive growth					Reproductive growth	New technology				
J	The 14 th Database Workshop										
P	Poster viewing										
Other											Banquet Kirin Beer Garden

Time^{table} Day 3, Fri., March 30

	9	10	11	12	13	14	15	16	17	18	19
A	Symposium S08 [J] Plant Chemical Biology										
B	Symposium S09 [E] New Development of Ribosome and Translational Regulation Research in Plants										
C	Environmental responses/Abiotic stresses (Ion/Salt/Mineral/ Temperature/Others)										
D	Organelles/ Cytoskeletons										
E	Plant-microbe interaction (Immunity/Others)			Luncheon Seminar Career Path Seminar on Gender Equality							
F	Vegetative growth		Membrane trafficking								
G	Environmental response of photosynthesis or respiration										
H	System biology										
I	New technology/Bioresources/Others										
J	Secondary metabolism										
P	Poster viewing					Discussion: Odd numbers	Free discussion	Poster removal			
Other						Ten's digit is Even number	Ten's digit is Odd number
